GREEK ARMY VICTORIOUS IN BLOODY BATTLE WITH TURKS

GREEKS CAPTURE SERVA AND CUT OFF RETREAT OF TURKS

Much Artillery and Many Prisoners are Taken—Casualties are Estimated at Thousands

Athens, Oct. 24.—The Greeks have occupied the town of Servia and have also captured the bridge over the river Alakmon. Indge Karassu, thereby cutting off the retreat of the Turks.

The government has despatched telegrams congratulating the commander and troops.

The Greek victory was complete. They captured twenty-two guns, made many prisoners and scattered the Turkish army.

Crown Prince Constantine telegraphing from headquarters last night reports:

"Our troops are pursuing the enemy all along the line from Cambounia to the town of Servia and on the Alakmon Plain. The Turkish army has been scattered. We have taken twenty-two field guns with their ammunition wagons and a large quantity of ammunition and many transport wagons."

Later General Danglis sent a message saying:

"The Turks have lost heavily. We have made a number of prisoners, including one lieutenant colonel."

Two battalions of Greek Evzones under Lieutenant Colonel Constantopoulos attacked two battalions of Turks near Vlacholivadi, dispersing them.

Bulgarians Surround Turks
Sofia, Oct. 23.—The Bulgarians have surrounded Kirk-Kiliseh, which the Turks regard as of equal importance almost with Adrianople. Its defense has been entrusted to Muehtar Pasha, son of the Grand Vizier, and Pazim Pasha.

Severe fighting is reported in the Struma valley. The Bulgarians yesterday occupied important strategic points in Kresna Pass. The Turks fled, abandoning munitions and supplies.

The Mit publishes additional details of the massacre in the district of Kotschana. The retreating Turks massacred the whole population in five villages to the southeast of Tsarevtselo and set fire to the houses.

Departments of students begged the minister of war today to enroll them with the 1913 recruits.

WAR IS NOT OVER NOW AND IT NEVER WILL BE

Los Angeles, Calif., Oct. 24.—War is not over and never will be so long as men are men.

Maj. Gen. Leonard Wood, chief of staff of the United States army, who is in Los Angeles today, inspecting sites for fortifications, made that remark to those interested in the establishment of an army post near this city.

"The war in the Balkans," Gen. Wood continued, "is imminent for so many years, and now an actuality, surely will give the champions of arbitration something to think about. Arbitration will not maintain the peace of the world. A nation's only safeguard against the horrors of war is preparedness for war."

"Although the United States has the best system of coast defense in the world, it will not keep a strong enemy from invading our shores. Unless you have men on their legs with guns in their hands you cannot keep an enemy from landing and establishing himself. The Pacific coast states form a fertile territory, with plenty of provisions, and an invading army could maintain itself for a long time. You people must do your part by building up a stronger national guard."

CLOVIS POSTOFFICE IS ROBBED

La Lande Man is Kicked in the Nose by a Horse and Dies on the Way to His Home

Clovis, N. M., Oct. 21.—The local postoffice, which was robbed of a lot of postage stamps recently, has again been robbed, \$400 in cash being taken. Inspector Smith, of the postoffice department, has been checking the office up and held postmaster W. A. Davis responsible for the money. Mr. Davis protested his handsomen and placed funds in the postoffice to cover the amount. Charges were made and Davis was tried before

WHITE GIRL TESTIFIES AGAINST JACK JOHNSON

Johnson is Repudiated by His Own Race—Against the Mating of the Different Colors. Negroes Warned

Chicago, Oct. 22.—The testimony of Lucille Cameron, the white girl, whose association with Jack Johnson, the negro pugilist, caused an investigation by the United States authorities to ascertain if the Mann act had been violated, is said to have been the most direct testimony given by her in her life. It is said that the girl, who was once engaged to the negro, made highly damaging statements.

At the close of her testimony the girl became emotional. She will appear before the jury tomorrow. This afternoon she pleaded to the pleading of a motion for a continuance of the trial, claiming that she was unable to remember the facts of the case.

The case of the girl was the subject of a story in the Chicago Tribune, which was written by Mrs. Cameron. She is a former partner of Johnson, and a white school teacher.

During the afternoon an ineffectual effort was made by Robert E. Cantwell, Johnson's attorney, to obtain an adjournment with Miss Cameron, previously Judge Landis, also of the United States court, and made a motion that her bond be released. This was denied by Judge Landis.

The city council at a meeting tonight adopted by a unanimous vote a resolution urging Mayor Harrison to revoke the license of Jack Johnson and to see that Johnson is prosecuted under all the charges against him.

Johnson Repudiated

Washington, Oct. 22.—Jack Johnson, champion pugilist, was repudiated as a member of the negro race in resolutions unanimously adopted at a mass meeting of negroes here tonight. The resolutions denounced the mating of whites and blacks as dishonouring to the race. Negro mothers were urged to discourage their children to be associated with their own color and people.

NEW REVOLUTION IS NIPPED BY PRESIDENT MADERO

Leader and His Lieutenants Captured in Fighting at Veracruz—Federal Loss Not Heavy

Veracruz, Mex., Oct. 23.—Felix Diaz, with the whole of his staff, was captured today and all the rebels disbanded. The casualties were insignificant.

Gen. Luis Valdez and Col. Jimenez Castro with their respective columns of federal troops were the first to enter the place. They met with only light resistance.

Gen. Jose Diaz Ordaz, of the Twenty-first infantry, who joined Felix Diaz on his troops when he first proclaimed the revolution, has not yet been captured. He is a cousin of Felix Diaz.

When the federal troops entered the city they first took possession of the customs house. Then seized the municipal buildings and the telegraph office.

The majority of the men of the rebellious 19th regiment of infantry surrendered their arms without fighting.

The barracks in which Felix Diaz and his followers had concentrated were then surrounded.

The battle between the rebel forces of Diaz and the government forces under Gen. Bertran began at 6:30 this morning.

The federal forces began their advance on Veracruz at noon today, and the rebels under Gen. Diaz, who occupied the city, calmly awaited their approach.

Gen. Bertran, commander of the federal forces, previously had informed the city council that the battle was about to begin. He declined to allow more time for the removal of non-combatants to the neutral zone.

The boats in the harbor have taken on board more than 5000 foreign refugees and 10,000 Mexicans. The United States cruiser Des Moines was about 500 yards from the American consulate. The space between is neutral, and many of the refugees had taken up positions there.

Only 32 Americans remained within the town. The foreign consuls had all gone aboard the boats. The American consul, William W. Canada, assumed leadership of the situation.

When the light opened today Gen. Bertran and six hundred federal with in sight of the city and Gen. Zozaya commanded artillery about a mile and a half to the west.

Promiscuous firing last night gave a false alarm that a battle was on. Gen. Bertran, however, had sent an emissary offering a truce until daylight. This was taken to mean that Bertran probably would join the revolution, but

FELIX DIAZ MADE PRISONER OF WAR--MAY BE KILLED

He was merely trying to get Diaz to surrender.

The troops under Diaz were sent back to barracks and conditions became quiet until the attack opened this morning.

Thirty sailors from the fleet here joined Diaz. A few of Gen. Bertran's soldiers also came over to the Diaz cause during the night.

The Mexican capital is without news of the events that are transpiring today at Veracruz, other than the information contained in Associated Press dispatches, which sometimes manage to struggle past the censor and which are in direct contradiction of the official presentations.

Several morning newspapers, including the Nueva Era, the official organ, issued extra editions giving vivid accounts of federal successes and rebel misfortunes, but the reports are given no evidence here by the majority of the people.

Other dispatches received here indicate that Gen. Aguilar, a rebel leader with a strong force, is moving in the rear of the federal troops along the Mexican railway and may attack while they are fighting at Veracruz.

Gen. Blanquet reached the capital from the north last night with 1500 troops. The five trains were transferred to the Mexican railway and proceeded immediately for Veracruz.

AVIATOR MITCHELL FALLS TO DEATH FROM AEROPLANE

Montgomery, Ala., Oct. 23.—Aviator Louis Mitchell fell 200 feet here this afternoon and was killed. Mitchell lost control of his machine while trying a spiral glide.

Mitchell had been in the air before 5:00 spectators more than an hour and shortly before five o'clock he began his descent. At a height of 600 feet he lost control and at 200 feet the aviator seemed to go to pieces. The aviator was pinned under the motor and was dead when surgeons reached him.

Eugene Hetu, of Detroit, Mitchell's partner, was flying directly over Mitchell. He was carrying a passenger, and planned to follow Mitchell in a similar spiral. He said tonight that after Mitchell lost control of his machine, the planes tilted to the perpendicular so that he could see the ground between them. Mrs. Mitchell was among the spectators but did not see her husband fall.

TO PAY EXTREME PENALTY FOR OPPOSITION TO MADERO

Court Martial to Be Convened Forthwith, and All the Rebellious Soldiers Will Be Decimated

Mexico City, Oct. 20.—General Felix Diaz, Colonel Jose Diaz Ordaz, and all the officers of the rebellious troops and marines in the Vera Cruz rebellion, will be hanged immediately before a court martial and doubtless will suffer the death penalty. Orders have been issued for the convening of the court, which will be presided over by General Beltran.

General Diaz, although not now a member of the army, is amenable to such a court under the law which provides for such a trial of any civilian under free circumstances.

The soldiers of the rebellious troops will be decimated—one in ten being executed. They will be chosen by lot to pay the penalty for all.

This information was imparted officially tonight.

The collapse of the Diaz movement one week after its inception with a minimum of fighting and bloodshed, has created the greatest surprise here. In administration circles, where optimism has been the keynote since the beginning, the outcome is regarded as the highest possible vindication of the confidence always expressed in the loyalty of the army.

General Felix Diaz, after General Reyes, has been regarded as the man who could wield the greatest influence with the army and the people generally. His rebellion, ending in a fiasco only slightly less pronounced than that of Reyes last December, removes a danger that long has loomed on the political horizon.

The news created little demonstration in the capital. There was no outward show of elation or of regret here among the populace, which maintained its usual indifference. It was early reported that all the officers involved in the movement stood an excellent chance of condemnation to death within a few hours.

The troops under General Blanquet, who came here from the north last night and proceeded immediately to Veracruz, got no further than Orizaba. They have received orders to return and will leave soon for the north to renew the campaign against Oozoco. Five hundred troops have been despatched to Tuxpam to restore order. All other troops will be returned to the points from which they were drawn for the Veracruz campaign.

SOUTHERN PACIFIC PROSECUTED FOR VIOLATING LAW

San Francisco, Oct. 23.—The hearing of thirty-one cases in which the Southern Pacific railroad is accused of having violated the federal law governing interstate transportation of animals was resumed today before Judge William C. Van Fleet in the United States district court. The company is accused of having loaded cattle in closed cars for as long as seventy hours without food, water or rest, and of having carried thirty-five and forty animals in a car.

The railroad introduced evidence to show that some of the alleged violations had been made at the request of the shippers. The court insisted even if this were the case it would not justify a violation of the law.

Some of the cases were begun more than five years ago.

TAFT MAY CALL EXTRA SESSION OF CONGRESS

Washington, Oct. 22.—Speculation connects the approaching return to Washington of President Taft, contrary to arrangements previously made for a sojourn at Hot Springs, Va. with the critical situation in Mexico, and there are hints of the possibility of a special session of congress to relieve the president of a decision as to whether the time is ripe for intervention.

Officially the idea is scouted and the determination of the government to adhere to its present policy in regard to the Mexican situation is reaffirmed.
